DETAILED ACTION

Status of Claims

Claims 1-19 are currently pending and are presented for examination on the merits. All rejections and/or objections not explicitly maintained in this office action have been withdrawn per Applicants' claim amendments and/or persuasive arguments.

Response to Arguments

Applicant's arguments, see Remarks, filed 11/24/2009, with respect to claims 1-12 have been fully considered and are persuasive. The rejections under 35 USC 102(b) of claims 1-12 has been withdrawn. However, the rejection of claims 13, 14, and 16-17 under 35 USC 102(b) as being anticipated by Zhang et al. and the rejection of claims 13, 14, and 16-19 under 35 USC 102(b) as being anticipated by Stephan et al. is sustained. As indicated by Applicants remarks, the compounds made in the multi-step process of Zhang et al. and Stephan et al. are the same compounds made by Applicants' one step process. See pages 10 and 11 of Remarks filed 11/24/2009. Thus, said rejections are sustained.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 13 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The variable Z is not defined in the claim.

Allowable Subject Matter

Claim 15 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 1-12 are allowed. Applicants' arguments of a single step process is persuasive in view that the prior art teaches only a multi-step process.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
